WORK EXPERIENCE

Senior Mobile Developer
Globant

06/2022 - Present   *Lima*

Achievements/Tasks

- Led and mentored a team of android developers, driving high UI standards through code reviews and clean architecture practices, resulting in consistent, maintainable components across multiple releases.
- Designed and delivered scalable Android apps using Kotlin and Jetpack Compose , collaborating with product and design teams to build visually consistent, high-performance UIs aligned with user expectations.
- Provided architectural direction to enhance overall app performance and startup time, using profiling tools and implementing scalable patterns for maintainable code.
- Built cross-platform features with React Native and Kotlin Multiplatform, applying advanced UI performance tuning techniques - improving rendering speed, reducing network usage, and optimizing user interaction responsiveness.
- Integrated CI/CD workflows with automated UI and unit testing, ensuring fast, stable deployments and maintaining a high standard of quality across features.

S Sr Mobile Developer
Henkcorp

10/2021 - 06/2022   *Lima*

Achievements/Tasks

- Contributed to the development of mobile applications, participated in code reviews , and applied clean code principles to improve maintainability and quality.
- Implemented features and improvements in Android applications using Kotlin and Jetpack Compose, while collaborating with cross-functional teams to align development with business goals.
- Supported architectural decisions and provided insights to enhance app performance, while optimizing code efficiency and responsiveness.
- Experience working with CI/CD pipelines and automated testing , contributing to more efficient development and release processes.

S Sr Android Developer
Preventor (Time bound project)

06/2021 - 09/2021   *Remotely worked from Lima for a Miami startup.*

S Sr Android Developer
Indra

12/2020 - 06/2021   *Lima*

SKILLS

Kotlin   Java   Android SDK   Jetpack Compose
React Native   Unit Testing   CI/CD   UI Testing
Clean Architecture   MVP-MVVM-MVI   Git
Profiling Tools   Gradle   Rest API   GraphQL
Firebase   Analytics   Performance Optimization
Technical Leadership   Conducting Tech Talks
Mentorship & Knowledge Sharing   Android Studio

PERSONAL PROJECTS

Recichasky (01/2019 - 06/2019)
- Android and iOS application for recycling program.

UnwantedCallBlocker (01/2025 - Present)
- Android app designed to block unwanted calls effortlessly.

EDUCATION

Systems Engineering
Peruvian University of Applied Sciences

03/2019 - 12/2022

Computer Science
Cibertec Institute

06/2015 - 06/2018

ORGANIZATIONS

Android Dev Peru (01/2022 - Present)
